PASS NO MORE
TO SIX CLASSESChicago Systems Brought Up
With Sharp Turn.Commerce Commission Finds
Alleged Abuses.Meeting Called to Decide
Upon Uniform Action.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, June 22.—(Exclusive Dispatch.) The Interstate Commerce Commission has brought the railroads up with a sharp turn, with respect to certain abuses, which are claimed to have been discovered in the issuance of passes.

Owing to the fact that a sharp warning has been issued by the commission that the alleged abuses must cease, the passenger representatives of Chicago roads have called a general meeting for tomorrow to try to decide upon uniform action.

The warning of the commission was issued in the form of a circular bearing the signatures of every commissioner. The circular is, in effect, an order to stop issuing passes to six different classes of people whom the commission declares are not among the privileged classes named in the Hepburn Act.

Among those not included in the provisions of the pass portion of the act are the following:

- (1) Officers or employees of news companies other than newspapers.
- (2) Officers or employees of telephone companies, excepting when personally engaged in operation, extension, repair or inspection of lines upon or along the railroad right of way and used in connection with the operation of the railroad.
- (3) Officers or employees of surety, transfer and baggage companies, except baggage agents.
- (4) Officers or employees of carriers not subject to the act to regulate commerce, including officers and agents of steamship and stage lines now subject thereto.
- (5) Officers or employees of subsidiary corporations, which corporations exist in any employment for or render any service to others than the carrier, save that officers or employees may be granted free transportation when engaged in the business of carrier.
- (6) Families of local attorneys, surgeons and others who are not regularly employed by the carrier.

High Authority in New York Says He Will Soon Sever Connection With Equitable.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, June 22.—(Exclusive Dispatch.) The Evening Post says that Paul Morton is soon to leave the Equitable and take a position with the Santa Fe Railroad Company.

High authority in New York is credited with the statement, which asserts the change chiefly to the recent interview with Thomas F. Ryan, in which he said D. H. Moffatt placed Morton at the head of the Equitable.

The paper says Vice-President Day will succeed Morton.

WILL MARRY DE SAGAN ON FOURTH OF JULY.

Ceremony to Take Place in Small Parish in South of England, Name of Which is Kept Secret—Count Boni Said to Have Threatened to Stop Marriage.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, June 22.—(Exclusive Dispatch.) Mme. Anna Gould and Prince Helle de Sagan plan to marry in a small parish in South England on Saturday, the fourth of July.

This information was sent today by cablegram to a close friend in this city.

The date was set not because Mme. Gould had any intention of celebrating Independence Day by marrying another titled foreigner, but because Prince Helle desired to observe the customary time for making the bona public. They were posted on Saturday, June 20, and must be kept up fourteen days before the ceremony.

Although the family now sanctions Mme. Gould's wedding, it is expected that George Gould and his wife, who are in Europe, will not be present at the wedding. The name of the parish where the wedding will take place is kept secret.

It was said in the same cablegram that when Count Boni de Castellane heard that Prince Helle, his cousin, had won the Gould family's consent he broke his case over a chair in a rage and made a threat that he would stop the marriage.

Two Dealers in "White Slaves" Receive Prison Terms in Chicago Court.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, June 22.—(Exclusive Dispatch.) The "white-slave" clearing-house was uprooted today in Judge Winder's court, when Christ Felle pleaded guilty to having mistreated a green-year-old girl, who was sold him a few weeks ago by Jennie Moulton, who was sentenced to twenty years for the crime.

Felle was condemned to serve five years. Nick Demetriopolis, also arrested in the case, was what was visited upon Felle, refused to plead guilty, and asked for a continuance.

The testimony against the men showed that they bought girls, and after keeping them prisoners for a few weeks, sold them to keepers of vicious resorts. Convictions in the case were procured through the testimony of Margaret Panser and Kittie McKenna, girls 12 and 14 who were sold to the Greeks.

WASHINGTON BEAUTY TO ENTERTAIN AT DENVER

Miss Evelyn Walsh.

the only daughter of Mr. and Mrs. Thomas E. Walsh of Washington and Denver. Mr. and Mrs. Walsh left Washington about the middle of May and are at Wolhurst, the splendid estate of the late Senator Wolcott, which Mr. Walsh purchased a year ago. During the Democratic convention in Denver Mr. Walsh will entertain many prominent people. Miss Walsh was a great favorite in Newport three years ago, when her father had Beauclieu, the Waldorf-Astoria villa. It was during that season that her brother, Vincent Walsh, was killed in an automobile accident, in which Miss Walsh was seriously injured, but fortunately she has entirely recovered.

MISS REID'S WEDDING GIFTS
HARD TO SEAT.

All Agree They Make One of Finest Displays of Kind Ever Seen in London. The wedding presents were roughly estimated at five hundred thousand dollars.

(BY DIRECT WIRE TO THE TIMES.)

LONDON, June 22.—(Exclusive Dispatch.) Tomorrow Ambassador Reid's daughter Joan will be wedded to Lord Dudley's brother, John Hubert Ward, in the chapel royal of St. James Palace.

Today their wedding presents were put on exhibition in Dorchester House, Mr. Reid's London residence. All who saw them agree that they made one of the finest displays of the kind ever seen in London. There was not room for all the great diamond and emerald jewelry, and many of the most valuable pieces were carried off into other rooms, and in addition to those previously described, new gifts kept arriving every minute during the day.

The total value of the presents shown was roughly estimated at \$500,000. Most magnificent of all in the bewildering, dazzling mass of jewelry of every description is the diamond crown given by Mrs. O'Brien. It is made of diamonds of the purest water, some being of great size and brilliancy. It is so flexible it can be wound around a finger.

But in beauty of design and effectiveness nothing excited more admiration than Mrs. O'Brien's emerald and diamond necklace and earrings, which she wore when she was in London. GUILTY PAPER
TRUST FINED.

Twenty-four Companies Pay
Thousand Dollars Each.

Newspaper Publishers' Efforts to Convict Rewarded.

Light Penalty Imposed; Pleas Saved Trial Costs.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, June 22.—Twenty-four companies manufacturing manilla wrapping paper were fined \$1000 each by Judge Hough in the United States Circuit Court today. They pleaded guilty Friday to maintaining an illegal combination in restraint of trade. They were members of the Manilla and Fiber Combination.

In imposing the fines, Judge Hough said that the combination of paper manufacturers was a clear violation of the Sherman anti-trust law, but, because of extenuating circumstances, he would impose a fine only. The companies have arranged to pay their fines through their counsel.

The case against the companies was instituted through the instrumentality of the American Newspaper Publishers' Association, for which John Norris of this city acted as agent.

The companies composed almost the entire membership of the circle of paper manufacturers organized by John H. Parks in 1904.

On complaint of Mr. Norris the Federal grand jury began an investigation of the combination two months ago and Friday last returned indictments against Parks and twenty-five companies.

Dist. Atty. Stinson, who had charge of the case, stated in court that, in view of the fact that the companies had saved the government expense by pleading guilty, he will be willing that light fines should be imposed.

Counsel for the companies declared that the combination was formed two years ago to save them from bankruptcy because of the methods of agents for consumers, who, he alleged, favored first one of the paper mills and then another in order to cut prices. Counsel also declared that the combination was dissolved when it was learned that the association came within the provisions of the Sherman law.

John Norris, chairman of the committee of the American Newspaper Publishers' Association, investigating new-print paper conditions, describing the case against the wrapping paper manufacturers who were fined today.

"In September, 1904, twenty-five firms and manilla mills formed the Manilla and Fiber Association, of which John H. Parks was made manager."

"Immediately after the formation of the association the production of paper dropped from \$1,000,000 to \$500,000 a quarter and the price of paper advanced \$5 a ton. Other advances followed. The price of paper advanced \$1 a ton. The admitted profit of the pool was \$1,000,000 annually."

"The combination, which pleaded guilty in the Continental Paper Bag Company, which figured in the records of the association as 'John Smith,' it is the selling agent of the International Paper Company, the officers of which testified before the Mann committee last month was organized to control the market of the world for paper."

"The Petersky Fiber Company, another member of the association, was to reach a dangerous stage even without more rain. The probability is that a few more rains would send it even further than it went last month."

"Exceptionally heavy rains during the past week in the upper Des Moines Valley are responsible for the present situation. At 6:30 o'clock last night the government gauge showed a stage of 10.6 feet at Des Moines, a rise of four inches since yesterday morning."

"John H. Parks, the manager of the Manilla and Fiber Association, also ran."

EL PASO (Tex.) June 22.—(Exclusive Dispatch.) With sixteen alleged revolutionists in jail at Casas Grandes, posers from that place started in pursuit of the leaders, who it is alleged, are conspirators against the government.

Rurales from Juarez, Mex., left this morning for Casas Grandes to make an investigation and to aid the citizens of that place, who have been keeping guard at the business houses and at the homes of the men who were threatened by the revolutionists.

The country is in a state of alarm, and it is hoped that the capture of the leaders, who is said to be against President Diaz, Enrique Creel and Gen. Luis Terrazas.

Reports from that vicinity today show that the additional plans of the revolutionists were to assassinate prominent Mexicans and Americans and to kidnap others, if need be, to secure funds with which to carry out their plans, and to seize the Sierra Madre railway for transportation.

The men under arrest are considered harmless, the leaders having made their escape, but they will be taken to Chihuahua by special train.

HONORED BY ALMA MATER.

Nominee Taft Heartily Received at Yale.

He Attends Reunion of Class of Seventy-eight.

Cheered by Students as He Sits Among Doctors.

(BY THE ASSOCIATED PRESS-P.M.)

NEW HAVEN (Conn.) June 22.—Secretary of War Taft returned to Yale, his alma mater, today to attend the reunion of his class of '78. Although his intentions were to join his classmates as "Taft of '78," he found himself the chief guest of the commencement exercises, and had scarcely entered the shadow of the university buildings before he took on the duties as a member of the corporation.

Few opportunities came for him to clasp the hands of '78 men who had gathered in the old Edwards mansion on Elm street, selected as class headquarters, for he was immediately escorted to Woodbridge Hall for the corporation meeting, then into the commons to speak to the young men who were about to receive their law school diplomas, and finally to the college where the medical school exercises were held.

Mr. Taft reached the city at 1 o'clock unaccompanied. Mrs. Taft and Master Charles Taft having reached here on an earlier train and gone to the house on Prospect street, where Mr. and Mrs. W. W. Farnham, whose guests they are to be until Thursday.

Mr. Taft, who is now in the city by delegation from his class, and, after an exchange of greetings, he stepped into an automobile and was whisked away to the Edwards house, where about forty '78 men were ready to extend a welcoming hand.

After a slight delay, the Secretary of War went to Woodbridge Hall where the corporation was in session. He left his meeting a little later, walked across the campus to the Commons, and, passing in a cheer from a group of young men who were about to receive their law school diplomas, he went to the Commons, where he was met by a group of young men who were about to receive their law school diplomas.

The entire alumni rose and cheered the Secretary of War as he entered the Commons. Mr. Taft, who is now in the city by delegation from his class, and, after an exchange of greetings, he stepped into an automobile and was whisked away to the Edwards house, where about forty '78 men were ready to extend a welcoming hand.

At the close of these exercises, the Secretary, accompanied by President Taft, and escorted by the faculty of the medical school, walked to College Hall, where he attended the exercises. On the steps of Osborne Hall, where gathered groups of Yale men, he was warmly welcomed by a group of young men who were about to receive their law school diplomas.

At College Hall the Secretary was joined by his brother, Herman Taft, of Watertown, Ct., who accompanied him back to Woodbridge Hall, where the exercises were held.

This, in effect, ended Mr. Taft's first official day at Yale.

Wednesday the Secretary will attend the alumni dinner at the University hall at 1 p.m., where it is expected he will speak at the dedication of a flagstaff erected on Yale campus by the class of '78 in memory of Lieut. Ledford, who was killed in the Philippines. He will attend the ball game on Tuesday and will go to New London to see the Yale-Harvard boat race on Thursday.

Asked as to the political outlook Secretary Taft said a man must be an optimist to succeed. He spoke with enthusiasm about the demonstration for President Roosevelt at the Chicago convention, saying:

"It was a genuine demonstration and I tell you, it was a great demonstration."

Concerning the Vice-Presidential nominees, Mr. Taft said:

"I have known Mr. Sherman for a long time, and think very highly of him. However, I do not think this is the time to discuss personalities."

Mr. Taft said he expected to return to Cincinnati until the fall and that he will start his campaign for the presidency in that city in September.

Asked about the anti-injunction plank adopted at the Chicago convention, Mr. Taft said he would discuss any feature of the Democratic platform.

Dean Henry Wade Rogers presided at the luncheon of the alumni of the school.

"The enforcement of the law equally against high and low, the powerful and the weak, should be his first thought."

"He must proceed unwaveringly, always by lawful methods, to the accomplishment of the popular will."

NEW YORK, June 22.—Secretary William H. Taft has written the following article on his conception of the Presidency for the current issue of Collier's Weekly:

"In the four years that I have been a member of the Cabinet, I have become familiar enough with the responsibilities and burdens of the Presidency to know that no man can afford unduly to hope of being useful, he is unworthy of the honor and trust of the people."

"The President should be in his prime of years, health and vigor. He should seek counsel from the people and not from the special pleader."

ELLIS REPLIES TO W. J. BRYAN.

Denies Change in Platform to Displease President.

Declares Six of the Seven 'Issues' to Which Nebraska Refers Are Not Issues at All, and on the Seventh One, Anti-Injunction, Persees One Exhibits Recklessness.

(BY THE ASSOCIATED PRESS-P.M.)

COLUMBUS (O.) June 22.—Atty.-Gen. Wade H. Ellis, who was a member of the Republican National Convention, and chief author of the platform adopted in a statement tonight, replies to criticisms of the platform, made by W. J. Bryan, and denies emphatically that the draft of the platform, as published before the convention, was changed with the intention to displease or disappoint the President or Secretary Taft.

The Attorney General's statement, in part, follows:

"Of the seven omissions he (Mr. Bryan) refers to, six are in no sense a change of platform, and the seventh one has been a matter of private activity, for information and opinion, in order that he may arrive at the truth when he is surrounded by the conflict of interest and the delay in the party. The seventh omission concerns Bryan's criticism of the platform, which is a matter of private activity, for information and opinion, in order that he may arrive at the truth when he is surrounded by the conflict of interest and the delay in the party."

"The anti-injunction resolution is a platform plank which has been in the platform since the time of the Lincoln administration, and it is entirely within the discretion of the court to decide whether or not to grant an injunction."

"The sole basis of any national complaint as to the issuance of injunctions in labor cases has been the use of the writ of injunction in the Denver case, in some instances which have intervened before a hearing of the case. The present statute does not require the writ of injunction in the Denver case, and it is entirely within the discretion of the court to decide whether or not to grant an injunction."

SAYS OUR TICKET IS EASY.

Chairman of New York State Democratic Committee Thinks Taft and Sherman Weak Men.

NEW YORK, June 22.—William J. Conners of Buffalo, chairman of the State Democratic Committee, was in New York today, and said to several newspaper men that he believed Mr. Taft would be an easy candidate for the Democrats to defeat.

"There were several stronger men who might have been named," said Mr. Conners, "but none weaker. His only qualification for the office is that he would be an easy candidate for the Democrats to defeat."

"The nomination of Bryan as certain as was that of Taft," Mr. Conners was asked.

"I won't believe it until I see it," he declared. "There are other Democrats who can defeat Taft beyond a doubt."

"To a certainty."

"Well, if the New York delegation sees that Bryan's nomination is certain, will it come into line?"

"We'll wait until we get to the convention."

"The platform is radical."

"Yes, to a certain extent."

"Will it contain a court plank?"

"I don't know. It may contain more than the one that was put into the Republican platform."

"Labor will cut a strong figure in the election, will it not?"

"It always does," said Mr. Conners.

"Will Sherman resign?"

"Question Yet Unsettled as to Whether He Will Give Up Chairmanship of Congressional Committee."

WASHINGTON, June 22.—The question as to whether Representative Sherman will remain as chairman of the Republican Congressional Committee is not regarded as conclusively settled by persons who are familiar with the work of the committee in this city.

It is expected that this matter will be determined when the Republican National Committee meets here July 1, when both Mr. Taft and Mr. Sherman will be present, and when many matters relating to the campaign will be discussed.

Mr. Sherman will probably continue to be a member of the House of Representatives, and will continue to be a member of the House of Representatives, and will continue to be a member of the House of Representatives.

How's your steam-gauge?
You can't get up a full head of steam for the human engine by putting poor "fuel" under the boiler.
"FORCE"
is the best energy-producing fuel because it contains all the strength-giving material in the whole wheat, made digestible by steam cooking, malting, flaking and baking. Every particle of it is converted into muscle, bone and brain.
"FORCE" is made of the best white wheat, steam-cooked, rolled into thin flakes, and baked. Always "crisp" it before serving it by pouring into a pan and warming it in oven. Then serve in large dish with cream, piling the flakes in one side of the dish and pouring the cream in the other side, dipping the flakes as eaten.
Your Grocer sells it.
No other Flaked Food is "just as good."

Posters
Not much sense in paying money for posters if they "don't pull."
The successful poster should be striking in design.

THE BUBONIC PLAGUE
ROUGH ON RATS
Unbeatable Exterminator
EXTERMINATOR OF THE BUBONIC PLAGUE
The Plague is a disease of the rat, and lives on the infected rat because it is the only animal that carries the disease to other rats, and to the people.
Rats are too cunning to be caught by traps, and are too numerous to be killed by poison. But **ROUGH ON RATS** kills them.
REASONS WHY
Because of the fact that **ROUGH ON RATS** is all (95%) poison and has to be mixed is the reason why it is the most effective, and so reliable, as an exterminator of Roaches, Ants and Bed Bugs as well as Rats and Mice.
There is enough poison in one 15c. box of **ROUGH ON RATS** to kill 500 to 1000 Rats and Mice.
Why? Because Rats instinctively avoid the familiar forms of ready-prepared-for-use poisons. **ROUGH ON RATS**, being unmixable and all poison, can be disguised in many ways, thus completely outwitting them; and you are not paying 15c. for flour, paste and grease (that can be had for 6 cents a pound), that must necessarily form the bulk of ready-prepared-for-use catch-penny devices.
Being all poison, one 15c. box of **ROUGH ON RATS**, when mixed with something they will eat, will spread 50 to 100 little breads or cakes, that will kill five hundred or more Rats and Mice, and thousands of Roaches, Ants and Bed Bugs.
15c., 25c. and 75c. boxes at Drugstores.

President to Attend Race at New London.

oughkeeping Contests Look to Be Exciting.

Plans of Cabinet Officers Have Been Changed.

(BY DIRECT WIRE TO THE TIMES.)

NEW LONDON (Conn.) June 22.—(Exclusive Dispatch.) Yale and Harvard crews are literally "resting their oars," their respective coaches giving them light morning and evening training today. Tomorrow will wind up the hard work of all the crews, and Wednesday they will have only work enough in the boats to keep them limbered up for the strenuous race which they have so ardently trained for. With the presence of President Roosevelt and Secretary Taft, both of whom have signified their intention to be here Thursday if business will permit, the large crowd anticipated will be further increased in numbers. These two men of note will prove strong drawing cards. Coach John Kennedy, the "doctor" Yale's crew, says all his squad are tip-top health tonight, and the chances are they will keep in trim until Thursday. Dr. Ladd, when interviewed by a reporter this afternoon at Red Top, said the men in that camp were in fine condition and had their usual appetites. As a sequel to the controversy between E. H. Harriman and the government officials last race day, Capt. L. Sill of the revenue cutter Dexter was stationed on the course to command of the patrol fleet on race day, and has issued a reminder to the owners of pleasure craft and mariners in that that the course cannot be used race day.

POUGHKEEPSIE RACES.

(BY DIRECT WIRE TO THE TIMES.)

POUGHKEEPSIE (N.Y.) June 22.—(Exclusive Dispatch.) Four of the senior crews and those of Pennsylvania, Syracuse, Cornell and Wisconsin, had time to train on the course today, and the coach of every crew seemed satisfied with the work of his men. Each ten-day of the Syracuse University team was a fast one. "I am satisfied that all the crews are fast. It is going to be a fast race," said the coach. "I am not always to say that the best crew is going to win, because unforeseen things can happen and upset the calculations of the best of men." The mercury hovered about the 90 mark on the river at the time and it is genuine "race weather." The men quit the four miles in good condition and the coaches must have been satisfied with their effort. The conditions were ideal and it can be fairly stated that the time was far better than that of the previous year. Cornell trial was for three miles only, the crew stopping when it reached the big bridge, the three-quarters pole the course. The Columbia crew is in their work above the course and is no chance to put in a trial over measured course. Coach Ward again sent his senior crew over the full four miles this morning and the time of the trial was good. ROOSEVELT AND TAFT.

(BY THE ASSOCIATED PRESS—P.M.)

NEW HAVEN, June 22.—President Roosevelt and Secretary Taft will both witness the boat race next Thursday on the Thames. This interesting and important fact necessitates a change in Secretary Taft's plans for the latter part of the week. Secretary Taft had arranged to leave for the President's home at Oyster Bay on Friday, but he has decided to witness the boat race on Thursday. He will arrive at New London on the ship from Oyster Bay, and he probably

bly would not be able to get back to his home at Sagamore Hill in time for such a conference on Friday as he desired to have with Secretary Taft and Gen. Wright.

REPRIEVE POSSIBLE.

(BY DIRECT WIRE TO THE TIMES.)

CAMBRIDGE (Mass.) June 22.—President Roosevelt, in his capacity as a Harvard alumnus and an advocate of healthy sports, has been in communication with President Eliot, head of the university, regarding the suspension from college of Sidney W. Fish and Charles Morgan, Jr., members of the boat crew. Fish, who rowed at No. 2 in the "varsity" shell, and Morgan, who was a member of the "varsity" four-oared crew, were suspended last night for violation of a rule prohibiting the taking of certain books from the library.

Crescent Bay Gun Club Plans to Make Bluecock Summer Tourney.

(OFFICIAL CORRESPONDENCE OF THE TIMES.)

OCEAN PARK, June 22.—According to present plans, the Crescent Bay Gun Club will add \$500 to the entry receipts and distribute the entire sum to the winners at the midsummer blue-rock tournament, which is to be held at the Venice grounds on August 1, 2, 3. The Committee of Arrangements for the affair includes Charles E. Gillon, R. H. Bunney, C. B. Pettis, G. D. Snyder, R. E. Carter, H. L. Mitchell and Charles Anderson. The entry lists are expected to include not less than a half hundred of the best shots in the Southwestern. The final day of the tournament will be the day on which the prizes are awarded, which will consist of merchandise. The participants in the matches arranged for this day will be those who on the preceding day had failed to reach 10 percent. To all of the prizes there will be added money.

Prize Offered to Angler Who Beats Present Record—Big Yellowtail Caught.

(OFFICIAL CORRESPONDENCE OF THE TIMES.)

AYALON (Santa Catalina Island) June 22.—A handsome addition to the list of prizes offered by the Tuna Club arrived today in the shape of a silver cup, which is presented to the club by Herbert St. John, Esq., of Los Angeles. The trophy is to be given to the angler who exceeds Earlscliffe's record catch of a 190-pound tuna. Ben Williams, of Philadelphia, won a gold button by a forty-one-pound yellowtail caught in San Clemente waters. W. J. Williams of Pasadena and H. Y. Goudge of Los Angeles brought in a string of a half-dozen rock bass and two fine yellowtail this noon.

San Francisco, June 22.—(Exclusive Dispatch.) There is keen interest among sports in the battle next Friday night between the closely-matched welterweights, Kyle Whitney and Jimmie Gardner. Whitney has been a very uneven performer, but lately the negro has shown great improvement in accuracy and hitting power, and many are willing to back him if they can get sufficient odds.

The regular handicap medal shoot of the Revolver and Rifle Club was held Sunday, at the Bishop Street Range, and in addition a new feature of a rapid fire medal match was tried for the first time. The rapid fire feature of the day proved rather embarrassing to some of the members who had got into the habit of taking time to load and aim. The handicap medal match, ten shots at fifty yards, resulted in a tie between J. B. Fox with an excellent score of 94, but as Douglas was shooting from scratch and as the handicap medal is intended for the younger men, it was awarded to Fox. Cutts, Smith and Wright, all fell badly below form. E. C. Crossman walked off with the silver and bronze respectively. Will Wright, who was regarded as a strong man at this stage of the game, fell below his average and trouble with misfires put some of the other strong shots out of the running.

The time allowed for a string of five shots at fifteen yards was but eight seconds, taking the time from the command fire with the muzzle of the gun raised and pointing skyward, and the majority of the cracks found it necessary to use the double action to get their shots off in the time allowed. Most of them found that the slow fire practice of the slow fire top-notchers. This time allowance is the time allowed in the United States Army revolver matches, which are based on the practical use of a revolver, not entirely as a weapon simply designed for puncturing a sheet of paper at fifty yards.

A Half dozen rifles were on the range, showing the increasing interest taken in this branch of the shooting game. The rifle end of the club will receive equal attention with the revolver practice, and a new Springfield was also on exhibition and Uncle Sam's rifle will be framed up for a time in order to give the members a plenty of time for the daily practice which some of them desire.

BATS EAR SPLIT.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, June 22.—(Exclusive Dispatch.) Batting Nelson furnished a sensational scene at the Coliseum yesterday. Bat cannot stand off and box for the mere exercise to be obnoxious from such work, but he comes right in and fights his training partner and expects them to give back the best they have. He boxed six rounds yesterday, starting off with Red Cornet and winding up with Jeff Perry.

The first bout was full of action, but the second round a fight more than a training bout. Perry's nose was damaged and his mouth was cut so severely that he probably will be out of commission for several days. Nelson did not escape unscathed, as he was bleeding about the mouth and his ear was also badly cut. He seems incapable to pain and attached no

importance to the wounds which would have frightened another man who had so important an engagement on his hands as a battle for the championship.

Treat for Orphans.
The fifteen members of the baseball league of the Los Angeles Orphan Home were given a game at the Orpheum matinee yesterday afternoon, and after the performance they were treated to refreshments at Newberry's. Mrs. W. H. Fleet acted as chaperone. Federation delegates.

Mrs. W. S. Daniel of No. 2620 Main-ten avenue, who has been in the East for several months, will represent the Friday Morning Club and the Rusklin Art Club of this city at the meeting of the Federation of Women's Clubs in Boston. Mrs. Robert J. Burdette is also a delegate and will make an address.

Victim of Lockjaw.
The funeral of Leroy M. Lyon, who died Saturday night after a week's suffering from lockjaw, the result of running a rusty nail in his foot, will be held from the chapel of Breese Bros. tomorrow afternoon at 1 o'clock. Rev. B. C. Cory will deliver the funeral sermon. It was at the home of his daughter, Mrs. J. C. Rubenfeld, and Mrs. Cora Herr of No. 187 West Twenty-third place, that the end came. Mr. Lyon was born in Troy, Bradford county, Pa., and was 74 years old. He lived for thirty-two years in Freeport, Ill., where he was the foreman of a railroad shop. The widow and five children survive.

Descendants of Patriots.
The New England Society has adopted a novel feature for its Fourth of July celebration at Eastlake Park. It has requested all descendants of the signers of the Declaration of Independence now living in Southern California, no matter if temporarily sojourning here, to attend the celebration. All such are requested to communicate at once with H. A. Palmer, No. 104 Harvard boulevard, Los Angeles, stating the name of the ancestor who signed the immortal declaration. It is hoped in this way to get out a notable gathering which will have a unique interest for all.

DESPERATE.
TRIES SECOND
TIME TO DIE.

HADLEY, WHO SHOT WIFE, CUTS HIS THROAT.

Wound Fails to Cause Death, and Prisoner Says That Next Time He Will Make Sure—Tried Once Before to Kill Himself With Shot in the Head.

Fearing to face trial on a charge of having attempted to kill his wife, Guy Hadley, 55 years of age, yesterday slashed his throat with a razor in the tanks at the City Jail in a second desperate attempt to commit suicide. Hadley was overpowered before he could repeat the stroke and is now in a cell under special guard.

Last Wednesday in a fit of anger because his wife refused to take him back and support him, Hadley fired three bullets into her. As the woman ran shrieking from the house Hadley attempted suicide. His first attempt was as unpromising as that of yesterday. He placed the muzzle of a revolver above his right temple and close to the crown of his head and then pulled the trigger. The bullet glanced upward and came out about an inch from the point of entry.

Mrs. Hadley is in a dangerous condition at the California Hospital. She was removed there yesterday from the dormitory of the Mariborough school on West Twenty-third street. The attending surgeons offer but little hope of the woman's recovery.

A charge of assault with a deadly weapon with intent to commit murder has been filed against Hadley and he was to have been arraigned in Police Court today. Yesterday he was allowed the privilege for the first few days and trustees have kept a close watch on him. He was always well behaved and yesterday the vigilance of the guard was relaxed for a moment. Quick as a flash, Hadley slashed the left side of his throat with the sharp blade. Before he could repeat the blow, the guard knocked him down. The razor fell from his hands and two attendants overpowered him and dragged him to the Receiving Hospital.

There Hadley begged to die. He said that he had injured his wife and that he did not want to live any longer. His injury was found to consist of a two-inch superficial wound close to the windpipe. It was stitched and dressed and Hadley was sent to his cell. There he retired to the darkest corner, and put his hands over his face.

"I'll do a better job next time. They will never try to kill me," he said.

When Hadley was first sent to the Receiving Hospital he was put in irons for fear he would take his life. His first statement upon entering the jail was that he would find a way to finish the work he had started, and a close watch has been kept on him night and day until the moment of opportunity offered itself yesterday.

BOY SLAIN BY
A PLAYMATE.

Death Ends Their Quarrel
Over Pencil.

Shocking Tragedy Witnessed
by Little Sisters.

Shooting an Accident; Gun
Supposed Empty.

While playing hide and seek, children quarreled and a tragedy resulted. About 8 o'clock last night, seven-year-old William Edward Hutchinson was shot and killed almost instantly by Burnell Poponey, a fourteen-year-old lad who lives at No. 231 South Figueroa street. The shooting was at Poponey's home.

Little sisters of the boys—Adeline Hutchinson, 5 years old, and Laraine Poponey, 12 years old—were in the room when the revolver was fired. As William lay on the floor, Adeline wept and his sister ran to tell the landlady what had happened.

Mrs. Mary Althouse, a physician and the wounded boy was taken quickly to the Receiving Hospital, where he died in a few minutes.

The quarrel was over the ownership of a lead pencil. Young Hutchinson had picked it up and claimed it. Burnell said that it was his, and demanded it. William refused to give it up, although his sister begged him to do so. The Poponey boy's anger was increased when Laraine laughed at him.

He ran upstairs, got a revolver and returned.

"Now, will you give it to me?" he said, displaying the weapon. His sister tried to take it away from him, but he pushed her aside.

"It's not loaded," he exclaimed, and walking up to the other boy, he pointed it at his face and pulled the trigger three times. The last time the hammer hit a cartridge.

The bullet entered Hutchinson's forehead and lodged in the brain. The landlady notified the police and Burnell surrendered the gun to detectives when they arrived.

"I don't know the revolver was loaded," he reiterated, when taken to the Police Station. "I have had the gun for some time hidden in a trunk in my room. When I got it, there were four cartridges in it. I remember that I took three of them out, but could not punch the other out of the chamber. It looked like an empty shell and so I let it go."

"When I went upstairs to get the pistol, I intended to scare William into giving up the pencil, which was mine. I forgot about the shell being in the revolver or I wouldn't have snapped it."

The boy was charged with manslaughter and taken to the Detention House, where he will be held until the inquest at Pierce Bros' morgue.

When the tragedy took place, Mrs. Hutchinson and Mrs. Poponey were downtown. Mrs. Hutchinson had visited Mrs. Poponey during the afternoon and they had left their children at the latter's home. The tragedy occurred a few minutes after William had been taken to the hospital. His mother was prostrated and the attendance of a physician was necessary.

William Hutchinson, father of the dead lad, was notified and arrived at the Receiving Hospital just before his son passed away. He begged the detectives to release young Poponey, saying that the shooting could only be regarded as an accident.

SOON AT CAPITAL.

First Train to Culiacan Over Southern Pacific's Mexican Line on Fourth of July.

On the Fourth of July, Los Angeles will have direct railroad communication with all northern Sinaloa as far as the capital, Culiacan. On the American national holiday the Mexican Coast line of the Southern Pacific will run its first train into that city. A grand celebration is planned in honor of the event.

This will place the State capital within three days of Los Angeles. Besides this and the development of the resources right in the line, the road piers the State's interior, in direct touch with tide-water at Altamira, the seaport of the capital through connection with the Western Railway of Mexico, a small local line owned by native capital, that runs from that port to Culiacan and has the only line in Sinaloa before Harriman started building.

Several times it has been reported that the Southern Pacific had bought this line, but each time it has been denied officially. The road is generally looked upon as a joke. It runs a mixed train of rattle-snake cars three times a week. With the Espe's coming it is likely to improve and will, by the connection of Culiacan, give the north of the State an outlet to tide-water.

The course of the new line is right through lands owned in Los Angeles not only those of the Sinaloa Land and Water Company, but also those of others are touched. By changing its original route the line is built to skirt the ocean for a considerable distance, instead of following the inland course at first planned.

With the building that is going on from Mazatlan both to the north and south and the continuation from Culiacan, Mazatlan should be reached some time in the fall. By that time it would probably be finished quite early.

NEW TRIAL ORDERED.

The case of William Kennedy against W. D. Morickel of Minneapolis, decided in favor of the defendant in the Superior Court, has been remanded for a new trial by the Second District Court of Appeal. Kennedy sued to recover \$400, asserted to be due him as commission on an exchange of property belonging to the defendant, for a Riverside orange grove.

APPEALED TO SUPREME COURT.

The case of A. Fuseton Company against Homer Laughlin, to recover about \$70,000 damages for alleged loss of business by reason of delay in constructing a building, has been appealed to the Supreme Court by the plaintiff, who failed to obtain judgment in the lower court.

HIGH SCHOOL PLANS.

Commencement Festivities to Be of More Than Usual Interest.

Senior A's Play.

Commencement exercises of the Los Angeles High School will be even more interesting than usual this year. About 100 scholars will be awarded diplomas. The programmes for the various events have been printed very artistically. Violets decorate the covers, and the pages are held in place with purple ribbon.

On senior A class day, Wednesday, the play, "At the White Horse Tavern," will be presented by the following cast: James Walker, Iva Gearhart, Alda Danziger, Grace Carter, Clarence Copeland, Stanley Bolter, Vera Lohrup, Dorothy Goldring, Ralph Morgan, Henry Rivers, Lenora Zinnmon, Hal Harding, Geneva Glanz, Sheda Lowman, Pauline Mickey, John Hendricks, Erwin Widney, Carl Dixon, Fred H. Nelson, George Sparks, Priscilla Carter, Alvin Hamer, Sybil Grant, Richard Jones, Walter Davis, Norman Cobb, Harry Williams, Harold Huntberger, Pearl Merrill, Weston Wilson, Leon Spinks.

The rehearsals have been conducted by David Edwin, and the class committee in charge includes Clarence B. Copeland, Seymour Tally and Georgia Sparks.

On Thursday afternoon, "Alumni Day," star and crescent pins will be given by the Society of the Star and Crescent, and the will be given to alumni, teachers and friends.

Friday afternoon the commencement exercises will be held at Temple Auditorium. The address will be by Dr. George A. Gates, president of Pomona College.

OVER GREAT DIVIDE.

PIONEER MAKES LAST LONG TREK.

AFTER STIRRING LIFE, JOHN M. THOMAS PASSES.

Journeyed Overland to East Los Angeles Nearly Forty Years Ago, and Was One of Founders of Monrovia and Member of Old Guard of Republicans.

Another of the old-timers of Los Angeles and Southern California, passing away yesterday, when John M. Thomas, aged 72 years, died of Bright's disease at his ranch in Clover Leaf Cañon, Monrovia. He leaves a widow, daughter, Mrs. Mamie Hess, and his

mother, Mrs. Eliza Thomas of Riverside, now in her 83rd year.

In 1859 he crossed the plains to Nevada, then in a ferment of mining excitement. For ten years he was engaged in the lumber business in Carson and Virginia City, including what is now the town of Whittier. For a decade he ran one of the largest sheep ranches in the State and in the charge of the old Spanish rancheros from Santa Barbara to San Diego. He was gifted with a remarkable memory and was a mine of information regarding the settlement and development of Southern California. He was very recently known large in Los Angeles early history were Stearns, Baker, Wolfkill, Banning and L. L. Bradbury. Friends of the rural life, picturesque life of the old frontier days, and his occasional reminiscences, in path, humor and point were only comparable to Mark Twain's "roughing it," dealing with the same period, actors and scenes.

In 1869 he journeyed overland to Southern California and until 1887 made his home in East Los Angeles. Then he purchased 1566 acres at the base of Puente Hills, including what is now the town of Whittier. For a decade he ran one of the largest sheep ranches in the State and in the charge of the old Spanish rancheros from Santa Barbara to San Diego. He was gifted with a remarkable memory and was a mine of information regarding the settlement and development of Southern California. He was very recently known large in Los Angeles early history were Stearns, Baker, Wolfkill, Banning and L. L. Bradbury. Friends of the rural life, picturesque life of the old frontier days, and his occasional reminiscences, in path, humor and point were only comparable to Mark Twain's "roughing it," dealing with the same period, actors and scenes.

Until enfeebled by sickness and age, he was prominent politically and in these latter years of Republican supremacy often referred jokingly to the first Republican club in Los Angeles of which he was a charter member. On one occasion he and eight others were prominent in the "parade," he was County Horticultural Commissioner for several years and State Dairy Commissioner for four years.

In 1887 Mr. Thomas disposed of his Whittier holdings and associated himself with W. N. Monroe in founding Monrovia. He purchased a large acreage in Cloverleaf Cañon, in the northern section of the city, planted one of the first navel orange orchards along the foothills. Mr. Thomas was not only identified with the founding of Monrovia, but until very recently had taken an active and prominent part in municipal affairs.

The funeral service will be held at St. Luke's Church, Monrovia, at 2 p.m., tomorrow under the direction of the order of J. O. O. F., of which he was an honored member.

THREATENING.

"REDS" AGREE TO BREAK LAW.

SOCIALISTS OPPOSE POLICEMAN IN DISCHARGE OF DUTY.

Mob on Los Angeles Street Just Escapes Causing a Riot When Two of Their Number Are Taken to Jail—To Show Contempt for Law Will Deliberately Violate It.

A howling mob of inflamed socialists opposed Patrolman Gregory at Fifth street and Los Angeles about 9 o'clock last night when he attempted to arrest the speakers and stop the loud demonstrations. The ugly crowd, which numbered 400, jostled the officer, knocked off his helmet, and one woman is said to have struck him in the back with her fist. With the assistance of four patrolmen, Gregory succeeded in arresting W. G. Henry and George Van Ness. When the patrol arrived the crowd was armed around in singing the "Marseillaise" and shouting. They moved to their headquarters in Mercantile Place, where they continued their meeting.

For several nights the "reds" have been holding meetings on a vacant lot at Fifth and Los Angeles streets. Last night the crowd was so large that the street was blocked, and the police ordered them to move. When they refused to clear the street, the officers elbowed their way through the crowd and the rioters yelled and shouted threats. Only one man was arrested for his part, and one man succeeded in slipping into the crowd. Gregory held on to Henry and Van Ness, and when assistance arrived succeeded in getting out of the crowd. When they were taken to the Police Station they were unable to secure bail, and were placed in the tanks.

This is the beginning of a campaign by the Socialists to openly violate the city ordinance against street speaking within certain limits without a permit. A test case is already before the Superior Court, but the "reds" have too much contempt for law to wait for a decision. They are desirous of making martyrs of themselves by violating the law and to this end have made an agreement among themselves to speak on the street whenever ordered, to refuse to give bail if arrested, to refuse to pay a fine and to refuse to work if placed on the chain gang.

The police declare that they will stop the demonstrations on the street. A detail of patrolmen will be stationed at Fifth street and Los Angeles tonight to suppress any further attempts made to hold a meeting there.

ARCANUM CELEBRATION.

Supreme Regent Holds Court in Presence of Many Councils—Large Class Learns Mysteries.

"Arcanum Day" was celebrated last night at Blanchard Hall with a reception to Robert Van Sands, supreme regent of the Royal Arcanum. Councils from Los Angeles, city and county were represented, and there was a large gathering. A class of sixty was initiated.

At 8:30 o'clock the "mysteries" were conferred by the degree team of Los Angeles Council, No. 1488. The solemn ones passed through the trying ordeal, and were afterward given a good time. Fred H. Thomas was chairman of the evening.

The programme included a piano overture by Miss Carolyn Brown, addresses by the supreme regent and A. H. Merrill, grand regent; bayettes solo, Lee Meyer; comedy monologues, Miss Lillian Wade; music Miss Dahlstrom and Mr. Robinson; music by G. Cohn and Miss Adah Beaud; a large night song by Fred N. Yale; and a song by Miss Nettie Kirkham.

The following councils took part: Sunset Council, No. 1074; Los Angeles Council, No. 1493; California Council, "Marseillaise" and shouting. They moved to their headquarters in Mercantile Place, where they continued their meeting.

HALF-MILLION SCHOOL.

Ground to Be Broken Soon for St. Vincent's New College in Vicinity of Inglewood.

Ground will be broken within a few months for the new half-million-dollar St. Vincent's College on the eighty-seven-acre site in Inglewood. Work on the plans is progressing satisfactorily and a magnificent arrangement of the new school buildings is in view. The present extensive buildings on Grand avenue, near Washington street, eventually will be given up, although it will be a year or more before the new quarters will be ready. There are no plans for starting the new church edifice for St. Vincent's parish, a project long under consideration. The new church site is at Adams and Figueroa streets.

AERO CLUB TONIGHT.

The Aero Club of California will meet for the first time in its new quarters at Chutes Park this evening at 7 o'clock. The park management has arranged a fine large ball for the club, in which a machine shop will be fitted out and where one of the new aeroplanes will be shown. Plans regard to an aerial contest will be taken up at the meeting and the entire membership is expected to be present to perfect plans for this.

BOY SLAIN BY A PLAYMATE.

Death Ends Their Quarrel Over Pencil.

Shocking Tragedy Witnessed by Little Sisters.

Shooting an Accident; Gun Supposed Empty.

While playing hide and seek, children quarreled and a tragedy resulted. About 8 o'clock last night, seven-year-old William Edward Hutchinson was shot and killed almost instantly by Burnell Poponey, a fourteen-year-old lad who lives at No. 231 South Figueroa street. The shooting was at Poponey's home.

Little sisters of the boys—Adeline Hutchinson, 5 years old, and Laraine Poponey, 12 years old—were in the room when the revolver was fired. As William lay on the floor, Adeline wept and his sister ran to tell the landlady what had happened.

Mrs. Mary Althouse, a physician and the wounded boy was taken quickly to the Receiving Hospital, where he died in a few minutes.

The quarrel was over the ownership of a lead pencil. Young Hutchinson had picked it up and claimed it. Burnell said that it was his, and demanded it. William refused to give it up, although his sister begged him to do so. The Poponey boy's anger was increased when Laraine laughed at him.

French Lingerie at Enticingly Low Prices

Every woman has a fondness for dainty lingerie; not every woman is always able to gratify this desire, however, because the finest French-made, hand-sewn garments are usually priced prohibitively high to the average person.

We are unusually proud, then, to announce the arrival of some remarkably dainty specimens of real French hand-embroidered, hand-made undergarments at prices the lowest we have ever been able to mark them.

Hand-Embroidered Gowns, Chemise, Corset Covers. Corset covers in half a dozen or more pretty designs—scalloped edges and simple scrolls and sprays, \$1.25, \$1.50 and up to \$2.50 each.

Chemise—hand-embroidered, of course, in very neat patterns, \$1 to \$2.75 and \$3 each. Gowns with kimono and mandarin sleeves, low necked style, delicately embroidered on yokes and with scalloped edges, \$2.75 to \$5.50 each; and a variety of patterns to select from.

Beginning July 1st, and until September 1st, this store will close every Saturday at 12:30, Noon.

75c, 85c and \$1.00 Colored Silks 55c a Yard. We've too many odd pieces and broken lines of stylish colored silks in our stocks. The amount must be reduced at once; we know of no more legitimate manner of clearance than this—to offer at 55c a yard stylish colored silks that have been selling all season at 75c, 85c and \$1.00.

Understand that not one of these silks has sold for less than 75c a yard during this season; included are plain colored taffetas, plain pongee and fancy silks in colors; suitable for linings, drop skirts, petticoats, street suits and shirt waists. Their honest values and previous selling prices have been 75c, 85c and \$1; closing out price, yard 55c.

On Wednesday a stirring sale of colored Wash Goods—Silk Mixtures—Linen Mixtures—Dainty Cottons, Etc. Details tomorrow.

Get A Thousand Wedding Gift Hints At Whitley's

The house of H. J. Whitley Co., is to Los Angeles what "Tiffany & Co." are to New York.

The name "Whitley" on a wedding gift box is the recipient's guaranty that the gift is of highest excellence.

And on the other hand—it is the buyer's assurance that the price is as low as the quality of the article can possibly allow.

It is out of the question to attempt to offer suggestions here, the whole establishment is alive with practical gift hints in artistic sterling silverware, rich cut glass, beautiful potteries, etc.

—Welcome.

Colman's Mustard

Good Mustard is the most wholesome, economical and digestive of all condiments.

Condiments and Sauces are used primarily to whet the appetite. They should, however, in addition, bring out rather than disguise or destroy the flavor of the meat and fish, and should moreover, to the quote "Lancet," "promote digestion by exciting the flow of the various digestive secretions."

Colman's Mustard put on edge on the appetite, adds to the palatability of the food and promotes digestion.

HAPPY.
UNITE UNDER RED AND WHITE.
ALUMNI OF PASADENA HIGH SCHOOL HOLD BANQUET.

Two Young Athletes to Leave on World-Wide Tour—Kannell Club Announces Prize for This Week's Snow-Building Record Shows Noticeable Increase.

Office of The Times, No. 21 S. Raymond Ave.
PASADENA, June 22.—Daily reciting reminiscences of happy adventures of the past year, over 100 of the alumni of Pasadena High School gathered at Hotel Maryland last night. The occasion was the annual reception and banquet, and every one present was filled with the enthusiasm of the hour. Great stands of red and white tissue paper, the colors of the High School, were cheerfully entwined about the dining room and greenery and flowers made the tables attractive.

A few brief speeches were made. Principal Le Roy D. Ely, of the High School, acted as toastmaster and the toast for the evening was "The Times of 1908." Miss Winifred Webb, "The Alumni," Herbert Lockwood, "The Ladies," J. W. Morin, "The Men," Miss Grace Horstman, "The Future." The election of officers resulted thus: Mr. Van Marston, president; Miss Winifred Webb, vice-president; Miss Nellie Tracy, secretary; Herbert Lockwood, treasurer.

Representations of George Ade, Gustave Lauder, and Sally, by Messrs. Jones, Severy, and Kellogg were amusing and much applauded.

EYE-OPENING TOUR.
Two young Pasadena athletes will have here this morning on a world-wide tour, which will prove eye-opening, not only to them, but to those with whom they come in contact. A Claude Braden and Joseph MacDonald intend to show the people of other lands what the United States can do in the way of not only physical instruction, but in its regular schools. They will deliver illustrated lectures in schools and colleges and will prove to Europe, Asia and Africa that when it comes to education America is the equal of all.

While on this tour they will write special articles for The Times. From this they will go first to Yosemite, where they will visit Tahoe, Yellowstone Park and Puget Sound. They will leave San Francisco for Honolulu on August 11, thence to Japan, China, the Philippines, India, Java, Lower and Upper Egypt, the Holy Land, Turkey, France, Italy, Switzerland, Germany, Norway, Sweden, England, Holland and Ireland. They expect to be gone about fifteen months.

CUPS FOR THOROUGHBREDS.
The Pasadena Kennel Club announces the following prizes and specials for the annual summer dog show which will be held in this city on June 25 and 27:

Freemah Ford offers the president's cup for the best dog in the show, any breed.
The Tournament of Roses Association offers a cup for the best brace, any breed, which must be won twice the same exhibitor. The Arroyo Salinas Cup is for the best dog bred in California, which must be won three times by the same exhibitor. The Montgomery Cup is offered for the best dog owned and shown by a woman.

The Pasadena Kennel Club offers prizes for the best St. Bernard, Great Dane, pointer, setter, cocker spaniel, beagle and collie.
The Stevens cup is for the best Russian wolfhound. William R. Lough offers a dog collar for the best found. Chester Montgomery offers a prize for the best Dalmatian, and Kingsley N. Stevens one for the best bull terrier. A kennel publication offers a trophy for the best bulldog puppy.

Other cups are: Carl Curtis for the best terrier; Pasadena Kennel Club, bull terrier; Kendall, Boston terrier.

DOG POISONING CONTINUES.
"Mack," a brindle bull terrier, seen about the streets in the early morning carrying in his mouth The Times posters for the day, as he accompanied his owner about the business section, was poisoned by strychnine Sunday night, and died early Monday morning. This is the first case reported since the conviction of Heffer, for poisoning dogs, ten days ago.

IN LIGHT POOR.
W. S. Eller, an employee of the Salt Lake Railroad Company, is quarantined for smallpox at his home, No. 103 West Villa street. It is believed that he contracted the disease on a fishing trip in San Pedro two weeks ago. This is the first case of the kind reported in this city for more than three months. As usual in California, the disease appears in its lighter form.

Dr. Stanley P. Black, City Health officer, said last night that it is the first case reported here since February and the disease appears only in its mildest degree. There is no danger of any one dying of smallpox here within recent years. Adults seldom succumb to it in Southern California, especially where proper care is taken of the patient. Every possible precaution has been adopted in the neighborhood.

ENCOURAGES BUILDING.
In a letter recently received by the Board of Trade, Seniors are given to show the advantage of building at this time of year, and especially this year. The American Lumberman makes the statement that the cost of building has been reduced between 25 and 40 per cent. In Pasadena, building material as well as labor is much cheaper than a year ago.

On June 15 the local building record showed a valuation of \$55,000 on buildings erected during the first two weeks of this month, which is a noticeable increase over the same time last year.

POWELL FOUNDATIONS.
Consideration of the appropriation of \$500 and as much more as is necessary for a playground in Central Park, for the children, took up the opening minutes of the regular weekly meeting of the City Commissioners yesterday afternoon. The matter was deferred until the next meeting, J. C. Braden and J. E. Kent, officers of the Playground Association, presented the petition.

MINIATURE CHINATOWN.
That something of a Chinatown exists in Pasadena will be shown today in the trial of Al Lee and three associates who ran a lottery game on South Raymond avenue for about two weeks early in May. The scene of their operations was near Fitzsimons street, where are many shacks of Chinese peddlers and laundries.

AFTER POOLROOMS.
Representatives of the church element will be on hand tomorrow morning in the Council chamber at 11 o'clock to back up their petition prohibiting Protestant churches and men's clubs of the city are represented on the petition.

PASADENA NEWS WINNERS.
Guests of J. H. Holmes of Sturtevant Camp celebrated the reopening of the resort after five years Saturday night, with a big flag-raising. Miss Elmore Greene of this city had the pleasure of raising the bunting.

ALARMING. PIER CRUMBLING, SWELLS ATTACK.

LONG BEACH COUNCIL WORRIED BY OCEAN'S FURY.
Hundred-Thousand-Dollar Structure in Danger—Two Calissons Give Way—Flooring Ripped Up by Waves—Storm's Intensity Greater. Mourning for Councilman.

LONG BEACH, June 22.—The heavy swells running today and the tremendous force with which they have for the past twenty-four hours buffeted and hammered the \$100,000 concrete pier have been a source of much anxiety to the Council and the Board of Public Works.

The waves were higher and heavier than those yesterday, and some of them ripped up the flooring as if it was so much paper. Early this morning one calisson crumbled to pieces, and another succumbed this afternoon. The remaining calissons, ninety in number, are intact, but to avoid any chance of danger to the public, both decks of the pier were closed and policemen placed on duty at the gates.

On the outer wharf, ten calissons broke loose during the day, and were cut away to relieve the strain on the structure. The \$5000 spent last fall on repairs and the \$2400 expended this spring has placed the pier on a superstructure of piles driven to bed rock, and the calissons are now of secondary importance.

Contractor Macraean spent the afternoon on the wharf watching the pounding of the swells, and reported to the Council that there is no immediate danger to the structure, but that repairs had better be made as soon as the present storm subsides.

A number of shifts were torn loose from their moorings and reduced to kindling wood against the calissons, and several were driven ashore. The surf was so strong this afternoon that the life guards refused to allow any one to enter the water, partly because of the current and also because there was much wreckage coming in from the wharf.

Along shore today the ocean's fury is the numerous cross currents inside the breaker lines, and which have washed away fully four feet of the beach in front of the pier. The beach is now covered by the pier approach the cement abutments which were washed away four years ago and have until now been covered by gradual accretions.

TENNIS COACH NEAR DEATH.
C. C. Long, tennis coach at Hotel Virginia, had a narrow escape from death this morning. He was bathing in front of the hotel, and was caught in the undertow. By a supreme effort he was able to reach the shore, but he was exhausted and unharmed by his experience.

ALL MOURN FOR HIM.
The flags on the City Hall and Firehouse and in Pacific Park are at half mast today, out of respect for the late C. A. Lewey, Councilman from the sixth ward, who died at his home in Los Angeles last night.

The funeral will be held at the residence of Mrs. Lewey, 1000 S. Broadway, at 2 o'clock today. The interment will be in the Hollywood cemetery.

WOMAN "TURNED DOWN."
A handsomely dressed woman, Saturday walked into the Palace and Merced banks and attempted to cash her check, amounting to \$50. Cashier Douglas demanded identification of the woman, who refused to give the name of the bank where the check was cashed.

COLLEGE PLAY.
In Out-of-Door Theater Seniors of Pomona College Will Present Original Four-Act Comedy.

POMONA, June 22.—The seniors of Pomona College have been rehearsing diligently, with the assistance of Arthur M. Dole, for the production of an original four-act play dealing with the life of a college student.

LARGE CAST.
The cast is a large one, the principal roles being assumed by Byron Dick Blakeslee, of Claremont, Benjamin Arnold, of San Diego, Harold Child, of Pasadena, Edna Lee Root, of Claremont, and Gladys Victoria Pitts, of San Diego.

CADET CORPS RETAINS NAME.
Defeat has met the effort to change the name of the Pomona High School Cadet Corps to the Pomona High School Corps and eliminate from the by-laws the article which reads: "No one, except a member in good standing of the High School, shall hold a commissioned office." The board of education last week ordered all the paraphernalia of the corps to be removed from the school grounds.

Filed again for the contests in extermination of the names of the candidates for the Condor prizes. The contestants numbered six for each prize: for the address of William C. Parker, Claremont; Alan C. Benner, Westley, Mass.; Vera Hawkins, Pomona; Debora M. Walsh, Los Angeles; Frank P. Palmer, Upland, and Merton E. Hill, Garden Grove. In sight singing, Hazel M. Fay, Claremont; Julia H. Kommer, National City; B. A. Baker, San Diego; Chesney W. Carver, Los Angeles; Marjorie E. Kinney, Claremont; and Florence Hill, Claremont. The prize for extemporaneous address was awarded to Merton E. Hill, who spoke on the subject, "The Republican Convention."

The contestants in sight singing rendered a love song by Reynaldo Hahn. The prize was awarded to Chesney William Carver.

The judges of the addresses were Carl G. Jenter, Claremont; Mrs. E. H. Sanford, Claremont; Rev. George E. Soper, Pomona. On sight singing there were Miss Maud Bluestein and A. A. Butler, Los Angeles, and H. P. Pasadena, San Francisco.

The Trustees have purchased from the school board the old schoolhouse for the corner of Eighth street and Tule avenue and will remodel it to serve as a town hall. The building will be moved to a new site, probably the northwestern portion of the block directly south of the present location, now owned by the college.

SANTA MONICA.
SANTA MONICA, June 22.—The City Council this evening received the request for a change in the wholesale liquor license, which was granted in the name of H. C. Akin for distributing stations on Utah and Pier avenues. The business will in future be conducted by Gal A.C. E. Gamber, who has been a resident of this city for many years, in to be the active manager of the business. The application was referred to the Police Commission. Akin retires on account of continued ill-health.

The plant of the Simons Brick Company is to be started in a few days. The plant has been added to the equipment. Among the new products will be vitrified brick for street-paving purposes.

"Red water" was observed off short today and this evening the first indications of the annual visitation of peridinium were noted along the shore. Unless conditions should change, the display will be at its best within a few days.

BURBANK.
BURBANK, June 22.—The citizens are enthusiastic over prospects of getting electricity for lighting and power purposes. A stock company is being formed to supply the stores and near-by farms at Los Angeles rates. A plant will be installed here at once. The remains of George Larson, who died here Friday after an illness of several years, were taken to San Fernando yesterday. The funeral of the infant son of Mr. Larson was held this afternoon.

Catarrh Cured A Permanent Cure To Stay Cured

Of the five special senses, four (sight, hearing, taste and smell) have their seats in the head, and all of these four are commonly affected by Catarrh. As an example, take just the sense of hearing alone. Is there any one who will deny that Catarrh makes many persons deaf half the time, others half deaf the other half? Every cold taken (and suffering from Catarrh is always taking cold) adds to the trouble. Tonsillitis and throat trouble are common, while in other more chronic cases the offensive odor and foul breath add to the misery and suffering, and so for the sense of smell or taste, examples of these are so common as to hardly need any comment.

Catarrh has long been recognized as a essentially a chronic disease, and the proper treatment of it in the past has been so trying and in many cases so unsatisfactory that as a rule, the family physician prefers to leave the curing of these cases to the specialists. But even in the hands of the specialists the problem was not entirely solved.

The high fees demanded by the average specialists placed the treatment of Catarrh, Bronchitis, Asthma, Deafness and other chronic diseases, so far out of the reach of the masses that the cure of these diseases required often discouraged even those with abundant means.

It was after careful study of the conditions surrounding the sufferer from Catarrh and with long experience in curing these cases that a physician opened THE LOS ANGELES MEDICAL INSTITUTE, in the Fourth Floor of No. 517 South Broadway, for the treatment and cure of these cases.

The success achieved has been phenomenal, and hundreds of well-known residents of Los Angeles have been cured at THE MEDICAL INSTITUTE.

During the past week our office has been crowded with patients anxious to take advantage of our offer of free consultation, examination and treatment. The number of cases treated was the crowd that at times the attending physician was unable to see all those anxious to be cured. In view of this fact the offer has been extended to one more week.

Many attempts to initiate our treatment have been made, but the offer is now being extended to one more week. The offer is now being extended to one more week.

"MY LOST SELF"

By ARTHUR W. MARCHMONT, Author of "By Right of Sword," etc.

While the circumstances are original, the plot powerful, the love interest intense, the scenes are more romantic than any of his previous novels. The author believes the central idea is the strongest he has ever handled.

TOO MUCH, NOT ENOUGH.

EL CENTRO, June 22.—A suit to recover \$12,000 damages alleged to have been suffered because of the flooding of lands and the subsequent lack of water for irrigation, in District No. 4, in Imperial Valley, has been filed in the Superior Court of Imperial county by E. E. Green, against the California Development Company and Water Company No. 4. Green is a stockholder in the first named company and was formerly one of its officers, located at Calexico. He is now living at Kerman, Ind.

WILL PLANT BEANS.

E. E. Forrester, owner of extensive ranch property near here, is convinced that the Imperial Valley will prove one of the most profitable bean-raising sections of California. He will plant thirty acres to Lima and other beans as soon as the land is cleared of its antelope crop. This will be the second year for his ranch this year.

MAY LOWER RATE.

A report is current that the Southern Pacific Railroad is to lower its rate on carload shipments of lumber from Coast points to Imperial Valley, from \$1.10 to \$1.00.

AUTO STAGE LANE.

C. F. Perry, a real estate operator of El Centro, announces that he is prepared to place in operation, an automobile stage line between here and San Diego as soon as possible road can be made. The trip can be made in four hours.

WILL DIP THOUSANDS.

Within the ensuing month from 20,000 to 30,000 sheep in Imperial Valley must be dipped, in compliance with a law passed for the purpose of stamping out the scab disease. The work here will be carried on by Dr. C. A. Dawdy, acting county livestock inspector, together with Dr. C. E. Heiler, of the Bureau of Animal Industry, Department of Agriculture.

SAINT ANA.

SANTA ANA, June 22.—Men working under the Kellogg, civil engineer, for the Santa Ana Valley Irrigation Company and the Anaheim Union Water Company have commenced making full measurements of the flow of the Santa Ana River. These are to be made above Scully's Point, where the water for this valley is taken off, and to the river, to San Bernardino. The data may be used for evidence in actions brought to stop the usage of water by parties who have no legal right to it. Similar measurements were made last summer.

TEARS OF JOY.

For the sake of his wife and three children, and believing that the man's troubles have taught him the lesson he needed, Superior Judge Z. B. West, today let George Schneider out on five years probation instead of sending him to State's Prison. When the court ordered probation, Schneider and his wife fell into each other's arms and wept with thankfulness.

COLTON.

COLTON, June 22.—Dr. C. A. Chambliss visited yesterday from an extended visit to San Diego. He is accompanied by his wife, Mrs. C. A. Chambliss, and their three children. They are on their way home to Lawrence, Kan., to spend the summer.

SILVER JUBILEE.

Redlands Pastor Will Celebrate Twenty-fifth Anniversary of Ordination by Cardinal Logue.

REDLANDS, June 22.—The silver jubilee of Father Thomas J. Fitzgerald, pastor of the Church of the Sacred Heart, will be celebrated July 1, that being the twenty-fifth anniversary of his ordination to the Catholic priesthood by Cardinal Logue of Ireland.

ONTARIO.

ONTARIO, June 22.—Entirely free from debt, the Christian Church was dedicated yesterday. Rev. F. M. Dowling, pastor of the Christian Church of Pasadena, preached in the morning. In the afternoon, with the church packed to the doors, several ministers of the town gave short addresses.

HARBOR ROAD SURVEY SOON.

Engineers Out July First,
Grading by August.

Lines Both to Wilmington
and Long Beach.

Plans Channel West Basin to
Birby Slough.

On July 1 the Los Angeles Harbor Railroad Company, which sought but has failed so far to get a river-bed franchise, will begin its preliminary field work for the line to connect Los Angeles with the water front and the new harbor. On that day engineers will begin running the line from the city limits to Blanton avenue. This statement was made with emphasis yesterday by President A. C. Bird of the company, formerly for many years in high positions with the Gould line. Grading will be started August 1. The right of way has been obtained as far as can be done without condemnation proceedings.

The plans have undergone one important modification in that they now provide for a line not only to Wilmington's harbor, but also for one to that of the Los Angeles Dock and Terminal Company at Long Beach, thus putting the two on equality as far as the company's proposed facilities are concerned. The original proposition was for Wilmington only.

The line will run as one from the city to a point about one mile from the north line of Wilmington, incorporating limits and three miles from the terminus on that harbor, where they will branch, one line to Long Beach and one to Wilmington.

Until surveys are complete no details are obtainable as to the route or the point where the tracks will enter the limits of any of the three municipalities. Engineers are busy on plans for entering Los Angeles, which will be submitted to the City Council in about four weeks.

As to the harbor improvements, President Bird says that the Los Angeles Harbor Company would have advertised for bids for dredging by this time had the government established the harbor lines. As soon as these are defined, propositions for the work will be invited. If this is not done, a special permit will be asked from Washington to allow the corporation to dig a channel to the West Basin, connecting with Birby slough.

Mr. Bird expresses the opinion that many do not realize the benefits that will come to Los Angeles from the work his company is striving to carry through. With a properly developed harbor, this city, he says, should grow at the rate of \$4,000 a year. His backers believe this, he states, and that is why they are going ahead with their ambitious project.

JUST LAUGH.

LET NO GUILTY PERSON ESCAPE.

ANY ONE CONVICTED OF HAVING
A DIME IS "IT."

High School Students Volunteer in
Body to Tag Everybody in Sight
and One Ticket is Not Enough to
Save the Generous Giver from
Continuing the Game.

Preparations under way to make "tag day" a success from a rollicking financial point of view in taking all kinds of shapes, and many original ideas are being worked up to boost along the game of humor, which will be such an important factor toward inducing the possessor of dimes to acknowledge that he or she is "it."

The tag sale took form yesterday when headquarters down town were set. The vacant store at No. 423 South Spring street has been obtained for Tag Day headquarters, where, on Thursday, one can get ammunition to fight the glorious battle of "tag, you're it." Tag will be on sale there in quantities to suit; they will come fifty in a packet, and any one who sells fifty will be permitted to buy another fifty, and so on, as long as he likes. It is not expected that tag selling will be a "hold-up." Tag will not sell for more than ten cents. If one wishes to spend a dollar, one will get ten tags; if a \$5 bill, one will get fifty tags. A tag for a dime, no more, no less, is the inflexible rule.

Which is a reminder that of the things tagged, an auto is very conspicuous. It costs something to tag an auto with a California label, but you can tag an auto with tag for ten cents; so tag the auto, as well as the dogs and the peanut carts and the traveling sign, the auto will stand for it. Any one who drives an auto is used to all these little side expenses and he would feel slighted if any known method of extracting money from humanity were not tried out on him.

A man isn't immune when he is tagged; rather, tag is a certainty that a chap is liberal; so after him with another tag.

There will be plenty of taggers down town. The matter of Tag Day was presented to the Los Angeles High School yesterday, and the 160 students enlisted in the good cause without a refusal. President H. W. Frank, of the Associated Charities, Secretary H. W. all of the same organization; Principal Housh and President Berryman, of the work that the pupils might accomplish. The tags go to the school tomorrow and will be distributed under the direction of the student's governing board.

The matter will be put up to the Polytechnic High school tomorrow morning, when Joseph Scott, Rev. William Horace Day, President Frank will make speeches, together with Principal Francis and the student body officers. The latter have already pledged the school. Mr. Frank has arranged some prizes for the best sellers, and this will add to the keen competition sure to result.

The Associated Charities hopes that many, especially women, will call up its headquarters and volunteer to help on Thursday, that every tag may be sold, and a record for work of this sort may be made that will stand unrivaled anywhere. Also, it wants a few autos for use that day, and lenders of machines may be made to the same address, in the court house.

The gaiety chorus ride tag club, from the Grand Theater, in costume, will make a tag ride at noon.

It has been suggested that Mayor Harper action of tag bearing his signature and seal of the city, from the auto in front of the City Hall. Gen. Chaffee will seat a considerable

HOROSCOPE

Wednesday, June 24, 1908.
A kindly court looks from a smiling face. Mercury, Venus and Uranus are in the sign of the moon on this 24th day. Let all men give full swing and freedom to their emotions. A pure, clear and sunny day. The world for success in high and low spheres today.

Let thy daily concerns be guided by even in trivial details, apply high values and spiritual success are intermingled in the day. The seller's best hours will be before noon to evening. A good day to sign important writings. Courtship and marriage are under a favorable aspect.

The aged will give good counsel. Men in those in odd occupations. Deal with dry goods merchants, hardware and other engaged in the repairing the person. The months February and September are advisable months for women to undertake important matters. Let them beware of business will require and repay. Children born today are under a long and vigorous life. Girls very changeable and pleasure-loving. Men to excess and active, but not useful in business.

A Prize for Being Joyous.
The faculty of Bryn Mawr College awarded a prize to a senior student throughout her four years in college to degree the quality of joyousness and faithfulness. The prize is a memory of a late secretary of the college who was conspicuous for her joyousness, "in womanhood or in manhood," as that is concerned, but they are winners in college, curriculum, and in the attainment of excellence in studies, they forget that they have been in college.

Joyousness, courage and faithfulness are largely temperamental, but there is no question that without these lives the opposite qualities may become fixed habits. If these are susceptible to cultivation, then we students who have striven for likely to make happy homes and add human cheerfulness. Bryn Mawr, contributing to bring about a more human life.

Don't jump at the conclusion that these are as luck merely because you are not one.—[Puck.]

During July and August this store will be closed on Saturdays at 12:30 noon.

\$2.50 to \$7.50 Waists
On Sale Tomorrow at
\$1.35

To make quick riddance of something over 250 wash waists whose early-season prices were \$2.50 to \$7.50, the entire lot will be offered tomorrow at \$1.35 each. Some of them slightly rumpled and soiled, but no damage that one trip to the laundry won't set right—no damage that calls for such astounding reductions.

\$3.75 Gloves \$2.75
High-grade French kid in sixteen-button length; tans and black in all sizes. No telephone orders. None sent C. O. D. or on approval. All to be fitted at time of sale.

\$2 and \$2.25 Belting . . . \$1
Gilt, silver and tinsel belting in 1½-inch width; belting that we should have to sell at \$2 and \$2.25 if we had paid regular rates; now at one dollar a yard.

65-cent Ribbons . . . 35c
4 to 5-inch Dresdens of rare beauty, the kinds commonly sold at 65c; to go in this clearance sale at thirty-five cents.
And 5-inch taffetas of the 40c grade at 25c.

Parasols of French cretonne in rich color combinations, distinctively new, ten dollars.

Swiss Curtains
Substantially Reduced
Two lines of dainty ruffled Swiss Curtains priced surprisingly low.
\$1.50 Curtains \$1.00: 2 1-2 yard long curtains of striped, figured and plain Swiss with generously full ruffles.
\$2.50 Curtains \$1.50: Of both plain and figured Swiss with wide ruffles; excellent materials; all made up in our own workrooms, so you may rest assured that they are exceptionally well done.

Children's Charming Dresses
Inexpensively Priced
Hardly pays to go to the trouble of making children's garments at home, when such dainty little dresses as these are so inexpensive.
This lot was unpacked and put in stock just three days ago, so you may be sure the styles are the newest, and the garments the freshest that they can possibly be. Cuddling slips for babies six months to one year old, \$1. White mull and lawn frocks, lace and embroidery trimmed, in sizes for youngsters up to five and six years old, \$2.75 to \$6.50 each. Of course mothers who select at once will find assortments unbroken.

Automobile & Carriage Rugs
We carry a surprisingly large number of carriage, automobile and steamer rugs in stock, and prices are very reasonable, too.
For example, we've carriage and motoring robes in English whipcord, covert, Indian blanket styles, linen, broadcloth, plush, etc., at prices beginning with 85c. up to \$6.
Steamer rugs of soft, warm wool, plain on one side, plaid on the other, from \$5 to \$25 each.
Beginning July 1st, and until September 1st, this store will close every Saturday at 12:30, Noon.

Ostermoor Mattresses
Sold Here Only in Los Angeles
Only one store in Los Angeles sells the genuine Ostermoor Mattress—and Coulter's is that one:
We carry all the different sizes in stock, and can give immediate delivery; we also sell these famous mattresses at no advance over catalogue prices, and there is no better mattress in the world than the Ostermoor, at any price—of that we're sure.
Ostermoors need no renovating; they do not mat or pack; they are non-absorbent and dust and germ proof; an occasional sun-bath keeps them fresh and perfect. Glad to tell you more about their merits if you will come in. (Bedding Section—Main Floor—Rear Aisle 3.)
36-inch linen finish batiste, white grounds with colored figures, dots and stripes, special value at 17½c
Crepe Kimonos, \$3.50
Kimonos needn't necessarily be un-stylish or untidy garments. These, for example, of crepe are surprisingly graceful in effect.
Light weight full length crepe kimonos, in black, navy blue, cardinal and light blue, with satin borders to correspond, and wide kimono sleeves, \$3.50.
Colored Silks, 55c
Today's buyers may secure noteworthy values in stylish colored silks—the continuation of yesterday's special values:
Very stylish plain colored taffetas, plain pongees and a number of fancy silks in colors suitable for street dresses, shirt waists, petticoats, etc., until yesterday their prices were 75c, 85c and \$1 a yard; to close out this particular line, we've marked them 55c.

Coulter Dry Goods Co.

Wednesday Special
Continuing Throughout the Week
We imported, some while since, quite a lot of fancy Lacquered Boxes, Jewel Cases, Tabourettes, etc., to use in our Candy Department, but could not use them. In order to dispose of them, we will give them away with every purchase of one-half pound, one pound, and two pounds of any variety of Tea, at 75c per pound. They are very pretty, and our price is not raised on the Tea, so they are actually a gift.
See some of them displayed in our window.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

CALL GOES TO MAN OF VIGOR.

PASADENA CHURCH INVITES AN EASTERN RECTOR.

Rev. Leslie E. Learned of Ridge-way, N. J., Unanimously Voted to Succeed Dean MacCormack at All Saints—Ordinance Passed Prohibiting Miners in Pools.

Office of The Times, No. 21 S. Raymond Ave., PASADENA, June 23.—At a meeting of the vestry of the All Saints Episcopal Church held last night it was unanimously decided to extend a call to Rev. Leslie E. Learned to become rector. Mr. Learned has been rector of St. Paul's Cathedral, Los Angeles, for several years.

Rev. Mr. Learned has for several years been at the head of a strong church in Ridge-way, N. J. On a recent visit to Pasadena he made a deep impression by two sermons. He is a man of middle age and a vigorous worker, and should be accepted as the call here. It is believed that he will prove a worthy successor to Rev. William MacCormack, who left here to take charge of St. Paul's Cathedral, Los Angeles.

TO EXCLUDE MINORS.

A petition presented to the City Council yesterday by representatives of the church element, had the effect of causing the adoption of an ordinance prohibiting all boys under 21 years of age from entering local pools.

Although the day was hot, the usual weekly tilt between Councilman C. D. Crandall and Mayor Thomas Earley was warmer. The Mayor cut Crandall short while he was criticizing the way the municipal bathing plan is conducted. The latter favored the hiring of two men at the city poolhouse, and pointed to the recent death of Eugene Lewis as showing the need of this. He also quoted former Superintendent Glass in favor of two men.

Mayor Earley did not wish Glass to appear ahead of Manager Kolner, and the latter was called in. He said that the hiring of two men would not be economical.

Crandall said that if another accident occurs when a man is alone in the house, the city will be liable to a suit for damages on the ground of carelessness, as two men are usually employed in such places.

FIGHT OVER HALL. Another fight over the location of a building has started. The quarrel over the schoolhouse has not been forgotten by the residents of the "dry tract," who failed to get the hall they wanted. They are determined that the new hall to be erected by the Lincoln Avenue Improvement Association shall be put up in their territory. The people of the northern end of the district are equally desirous to get the structure.

CHANGE IN CAR SERVICE. The better street-car service already mentioned in The Times as promised for South Pasadena will mean a loss to this city, owing to the abandonment of a thoroughfare for the long line between Los Angeles and this city. Transfer at Mission street and Fair Oaks avenue will be the only means of reaching this city via the old line.

Superintendent Rowley of the northern division of the Pacific Electric Railway says the company will run a car every seven and one-half minutes in the busy part of the day and half-hourly at night. This will do away with the regular one-hour schedule now in vogue after 5:30 o'clock p.m.

All long-line cars will connect directly with the short-line cars at Mission street and Fair Oaks avenue. The change will be most welcome to the citizens of South Pasadena. It will start July 1.

TO CLOSE BIG HOTEL. In order to allow of extensive renovation and redecoration, Hotel Maryland will close next Tuesday morning till October 27. This will be the first time in three years that it will have closed its doors.

Manager D. M. Linnard left yesterday on a business trip East. He will return early in July to superintend the improvements. According to the plans, the main lobby and dining-room will be redecored, the two guest-rooms at the east end of the main corridor on the lower floor will be thrown into one room, which will be fitted with plate glass windows and used for exhibits. The big Japanese room at the northeast end of the lobby is to be reconstructed so that all the northern end will be of plate glass, making the apartment a sun parlor. New ranges will be installed in the kitchen and the upper stories will be gone over.

Two bungalows of unique architecture are to be erected on the plot of ground north of the hotel. These will be of the original Spanish design, with tile roofing and open courts. They will have five rooms and each will cost \$200. Myron Hunt has the plans for the buildings completed and work on the foundations is under way.

PASADENA HAPPENINGS. Knights of Malta will celebrate the first anniversary of their organization in Pasadena, in Odd Fellow's Hall tonight. Company I has eighteen new recruits as a result of a strenuous effort to increase the number of the local company to a number where the benefit of the apportionment of State funds will be derived.

Determined to secure the next State Christian Endeavor Convention for Pasadena, a large number of delegates from local churches left here last night for Sacramento. In the party were: Misses Leda Kellogg, Winifred Skinner, Clara Hubbel, Phoebe Spear, Noah Woodbury, Frances Call, Vera Curt, Mabel Vall, Messrs. Le Roy Currier, Earl Eckner, Oliver Hays, Lawrence Test, Edmund Skinner, Hugh Anderson, Leon Olds, Oliver Kreis, H. H. Godber, Lewis H. Salisbury, R. C. Lewis, Mrs. R. C. Lewis, Lewis H. Salisbury and Mrs. Gardner.

REDONDO CURFEW LAW. REDONDO, June 23.—At the meeting of the Trustees last night Hess presented his curfew ordinance and it received its first reading. An unusually heavy wind came on yesterday afternoon and reached its climax last night. Immense breakers, forming several hundred feet offshore, beat on the beach for hours.

STORM OF PROTEST.

Ocean Park Liquor Dealers Angry at Proposal to Raise the Scale of License Fees.

OCEAN PARK, June 23.—The proposal of the City Trustees to raise the liquor license and rearrange the schedule of charges for saloon privileges has raised a storm of protest among the dealers. Heretofore the retail license has been \$100 per month; but according to ordinance, now being considered, it will be \$250. The new measure also contemplates raising the wholesale fee from \$75 to \$100. For small restaurants the sell drink only with actual meals the license will be raised from \$30 to \$40, and for the restaurants of larger size the charge will be elevated from \$40 to \$75. There are also raises in the charges for solicitors and peddlers. The restaurant license, which has heretofore been \$75, is to be abolished. This permit applied to restaurants that were allowed to dispense strong drink without even an accompanying sandwich. A new license of \$100 per month is proposed for music halls. The ordinance has already passed its first reading, and the members of the board are understood to have agreed upon its final passage.

PLANS DISPLEASE.

Ocean Parkers are not pleased with the plans that are promised to fall this way when the Highway Commission gets busy with the expenditure of the proposed bond issue. The matter was discussed at length at the meeting of the City Trustees last night. It was stated that all Ocean Park would receive in actual good roads would be less than two miles, while the cost to her for the improvement would be \$40,000. The following committee of three was named to attend the good-roads meeting of cities of the sixth class at Alhambra: A. S. Forbes, William Steele and J. M. White. J. C. Clark has been granted a license to sell liquor at the de Nova Cafe. Center street is to be paved eastward from Trolleyway. The improvement is to be made under the ten-year bonding act.

The municipality has adopted a curfew ordinance and it will hereafter be unlawful for children under 14 years of age to be on the public streets after 9 p.m.

WASH OVER BREAKWATER.

The Abbot Kinney Company is considering increasing the height of the breakwater at Venice. The sea of yesterday and today broke entirely over the stone bulkhead and caused considerable uneasiness among owners of craft anchored between the shore and the breakwater. The gloop Amy was overturned and broke away from her anchorage.

DEVOTED TO DICKENS.

Graduating Class at Pomona High School Will Discuss Works of Great Englishman.

POMONA, June 23.—The annual graduating exercises of the Pomona High School will be held on Thursday and Friday evenings at the Fraternal Aid Theater. The graduating addresses will be confined to the greatest English novelist, Charles Dickens, and phases of his genius, life and influence in the world will be presented by the participants. There are over thirty in the senior class.

This year's class day at the High School and the senior class rendered an interesting programme. The participants of the classes of 1908, 1909 and 1910, in the various class colors, blew from the big flageoles on the school grounds.

T. AND S. PENNANTS.

The first T and S pennants have appeared here, several local orange growers having hung them to the breeze from their flageoles, surrounded by the American flag.

Miss Rose Adams is a graduate of the Pomona High School, won first prize, and Miss Atsatt of Los Angeles, second prize in the Dole debate open to members of the sophomore class at Pomona College, yesterday afternoon. Carroll Evans and bride have returned from their honeymoon spent at the beaches.

SIERRA MADRE.

SIERRA MADRE, June 23.—Lieut. Robert Reutlinger, formerly of the Russian army, who acted as a scout during the Russo-Japanese War, will at the Town Hall on Friday night. The proceeds will be devoted to the building fund of the Knights of King Arthur, an unsectarian order of local orange growers having sung them to the breeze from their flageoles, surrounded by the American flag.

With a view to lessen danger from fire, when the young patriotic American celebrates the coming of the glorious Fourth with fireworks, it is thought the Mayor should issue a proclamation restricting the use of fireworks to certain places, sufficiently remote to lessen the danger to the many frame structures and the dry brush. The forest rangers have received instructions to prohibit the firing of any crackers, bombs, sky-rockets, Roman candles, etc., within

cooperate there will be little danger to the timber and underbrush. Although the work of grading Baldwin avenue has been on complaint coming in. Walter Haas, City Attorney, says no changes can be made unless the property owners all agree to have the work cease, reimburse the contractors for the labor already performed and then have a new grade established. It is doubtful if this will be done, as some owners are satisfied with the grade.

Fire Which Covered Two Hundred Acres Adds to Excitement at Claremont.

CLAREMONT, June 23.—The commencement exercises this morning began with the "farewell to the buildings" followed by tree-planting by the seniors. The entire class, dressed in white, with the class colors, red and gray, displayed on the tips of the girl's white parasols and the men's neckties, marched two and two around each of the buildings. The program was long and very chain. After the address at the last building, the new library, the class marched to the front of Pearson's Hall, and there planted the class tree of oak. The speeches at the various buildings were delivered by the following: Science Hall, Clifford McKee; Holmes Hall, Laura S. Seward; gymnasium, Ellwood J. Munger; Summer Hall, Marjorie M. Judson; The Inn, Oliver E. Meddison; the new buildings, Carrie S. Wetland. The address at the tree was by Merton E. Hill, the rector for the junior class by Augusta Sassen.

At the chapel programme, the class poem was read by Frank F. Palmer, the class history by Merton E. Hill, and the prophecy by Philip A. Lee. The class presented to the college two large photographs, one of its members, the other a class team, and a cabinet for use in the new library. The speeches were by Mabel E. Craig. The programizing was long and singing of the class ode, composed by Lois A. Lockwood.

One of the features was the giving of class yells by alumni in the audience. Nearly every class since the "Pioneers" was in evidence.

FIRE CAUSES EXCITEMENT.

During the chapel exercises some excitement was caused by the ringing of the college bell for a fire in the brush, south of the Santa Fe Railroad tracks. It started in the cemetery, presumably from carelessness on the part of a workman engaged in clearing. The southwest wind spread the flames rapidly, and the fire burned for some time. It was under control. It covered more than 200 acres, but did little damage other than the destruction of some orange trees in one or two orchards.

Last evening a long programme was given at the schoolhouse, the anniversary concert of the School of Music. Vocal and piano numbers predominated, with a few additions by "cello and violin."

DOLE DEBATE.

The Dole debate was held yesterday afternoon, for the prizes given by J. H. Dole in memory of his brother, W. D. Dole. The debate was open only to sophomores, was on the question "Should Technical Courses in American Schools be Abolished?" The addition of one year's work in languages, history and other subjects of humanistic culture, was the subject. The affirmative was supported by Stuart Alfred Queen and Beattie P. Adams, the negative by Miss Adams, second of 95 to Miss Atsatt. The debate was given to the students of the Pomona High School. Boynton, Shanghai, China; Edward H. Harwood, Upland; and Allan P. Nichols, Pomona, piano solo was played by Ethel Dillman.

IMPROVED SERVICE.

Los Angeles-Pacific Railway Extended to Palisades and Mouth of Santa Monica Canyon.

SANTA MONICA, June 23.—That the Los Angeles-Pacific Railway will permanently abandon the North Loop on Third street was the statement made today by General Manager Robert P. Sherman before the City Council.

In the place of the old loop there is to be a new one of vastly more importance and convenience to the city. Mr. Sherman said his company would next week apply for a franchise for a double-track line north on Seventh street from Oregon avenue to San Vicente boulevard. This proposed road will reach the entire Palisades country and the mouth of Santa Monica Canyon. A fifteen-minute car service is promised over the new loop, with a stop at Playa del Rey. A service of the same kind is promised between the beach and Sawtelle.

LOSERS ONE FOOT.

Harry Schwenz of Seventh street, while attempting to board a moving car of the Los Angeles-Pacific line this morning, missed his footing and was thrown under the wheels. His foot was so badly mangled that amputation at the ankle was necessary. Schwenz, who is 18 years of age, is a paper-hanger and had employment with Stanley Sals of Los Angeles.

SADLER-YOUNG. Miss Marion Sadler of Nevada avenue was married at Episcopal Church this evening to Eugene Young. The young couple will make this city their home. Mr. and Mrs. Sadler, parents of the bride, will depart tomorrow for Portland, Or., where they will hereafter reside.

REFUSE TO INTERFERE.

Trustees of Wilmington Decline to Suggest Modified Form of Harbor Lines.

WILMINGTON, June 23.—The Trustees, at their meeting last night, declined to interfere with the plan of the Banning Company, which asked for approval of a modified form of harbor lines. It was decided not to suggest any interference with the plan of the board of engineers. The Trustees expressed themselves as favorable to any individual or corporation with any proposition to improve the harbor, but declined to interfere with the plan of the Banning Company.

It was stated today that the Banning Company had been successful in securing the approval of the board of engineers for the proposed harbor lines. The company had also secured the approval of the board of engineers for the proposed harbor lines.

Instead of this, moved came today that the board of engineers had decided to refuse to interfere with the plan of the Banning Company.

Cudahy Ranch

"A Country Home at the City's Gate"

IN ONE respect the Cudahy Ranch is fundamentally different from every other real estate proposition on the market. The property, Mr. Michael Cudahy of Chicago, did not buy it for the purpose of cutting it up and selling it in small tracts. Mr. Cudahy years ago for other purposes—he is selling it now for the purpose that he can secure land in other parts of the State that will serve as a business proposition, pure and simple. When you deal with Cudahy, you are dealing with the man who gives you a direct certificate showing title perfect. There is a sense of security in knowing you are buying your land direct from the owner.

The sales on the Cudahy Ranch since the opening day—just a few days ago—have been simply enormous. There are two reasons for this. One is the high class of real estate offered—the other reason is the appeal to a larger class of people than does the ordinary real estate. There are good locations on the Cudahy Ranch for the farmer, gardener, the fruit grower, the poultry rancher, and for the city man to follow some business or build there.

The Cudahy Ranch is peculiarly well favored in transportation. It is but twenty minutes from the city on the Whittier Electric to Lake, or the Southern Pacific Railroads.

\$400 to \$500 An Acre, With

You can buy one acre or more today at from \$400 to \$500 an acre—4 cash, balance on long time. If you should desire to build a home, I could doubtless make arrangements whereby the initial cash investment could be materially reduced. I am absolutely sincere in the belief that the present prices of Cudahy Ranch acres are ridiculously low—that these acres are bound to advance in value and that a man gets more for his money on the Cudahy Ranch than elsewhere. I want satisfied buyers. I personally ask every one who contemplates buying Cudahy Ranch acres, to look over the property thoroughly. I am willing to abide by your verdict, which, in ninety-nine cases out of one hundred, is bound to be in favor of the Cudahy Ranch. Plan to go down to the Cudahy Ranch today—Whittier cars leave the Pacific Electric Depot on the even hour—takes but twenty minutes to get there. Salesmen with comfortable conveyances will meet you at Baker Station. Call at office for free transportation.

Foolish Finance

To pay \$25 or \$30 for a suit of clothes when you can get the same thing for \$10 or \$15 less is simply a case of foolish finance. Don't do it—save your money. For \$15, \$17.50, \$20 or \$25 we can make a suit to your measure that is equal in every way to the suits that other tailors ask you fancy prices for. Because we buy direct from the factories in large quantities we are able to make you a suit at the same price that you have to pay for ready-made.

We have the largest stock of fine woolsens in the city for you to select from, and our suits cannot be excelled in style and workmanship at any price. Let us prove it.

The Park Bank

This is a new name for old institutions which have been consolidated.

The Dollar Savings Bank and Trust Company, Fifth and Hill Sts.
The Central Trust Company, Second and Spring Sts. (Hyman Block.)
The First Bank, First and Hill Sts.

All three institutions will be maintained at their former address. The bank at Fifth and Hill is now known as The Park Bank. The other two are known as branches of the Park Bank.

Customers of the three institutions will find their former relations in no way disturbed.

The Park Bank has a paid up capital of \$100,000, with a surplus of \$20,000, and deposits of \$1,500,000.

The Park Bank pays 3 per cent. on ordinary savings accounts, and 4 per cent. on term accounts.
